Avon calf finisher pellets 16% is a good high energy feed product with a well-balanced formulation of energy and protein to satisfy the requirements of older calves who get roughage from grass.

Contains a calf meal pre-mix with a wide range of vitamins and minerals to enhance growth and performance. Anti-oxidant, mineral oil, molasweet and bovatoc RA009679 for control of coccidiosis.

Selected from maize and maize co-product. Canola meal. Sugars and vegetable oil.

TYPICAL ANALYSIS.

All NZ Starch Stock Feed Products are non GM and PKE Free.

Available in 25kg Paper Bags.
Available in 1000kg Bulk Bags.
Available in Bulk Truck Loads.

FEEDING RECOMMENDATIONS.

Avon calf finisher pellets can be offered to calves on a daily basis. Calves can take up to 2kg once or twice a day, until the calves are on the desired weight.

Provide high-quality pasture with very good fibre source. Allow access to fresh drinking water.
