AVON DAIRY PELLETS.

Avon dairy pellets 14.5% protein is a good all-round economical pellet that combines strengths in all categories. Compared to grain this pellet has good levels of energy and starch, plus good levels of protein.

attributes are delivered from the inclusion of maize co-products within the pellet. The pellet also gives the added benefit of increasing efficiency through digestibility, which incurs less wastage of feed by the animal.

TYPICAL ANALYSIS.

**All NZ Starch Stock Feed Products
are non-GM and PKE Free.**

✓	DM	90.3%
✓	ENERGY	12.3 MJ/Kg
✓	NDF	32.8%
✓	PROTEIN	14.5%
✓	STARCH DM	30.2%

Available in 25kg Paper Bags.
Available in 1000kg Bulk Bags.
Available in Bulk Truck Loads.

FEEDING RECOMMENDATIONS.

Avon dairy pellets are offered as a supplement to dairy cattle, as pasture on its own cannot always provide an optimum balance of all nutrients, all of the time, especially in adverse weather conditions. Avon dairy pellets will support and help to raise the herd's productivity.
